

2009 Sailing Schedule

Two cargo routes - more service for our Northern customers!

Starting in 2009, Northern Transportation Company Limited is offering two cargo services to our Northern customers.

The new service starts at Richmond, B.C., near Vancouver, where cargo will be loaded on a 12,000 ton ocean-capable barge and, with a large tug, towed to the Arctic going north along the West Coast, around Point Barrow and then east along the Canadian Arctic coast.

Our traditional tug and barge cargo service from Hay River will continue as in the past. Please ensure your sealift order arrives at Hay River, Vancouver or Inuvik by the new cargo acceptance dates shown on the schedule below. Cargo cannot be accepted after these dates.

PLEASE NOTE: The communities of Tulita, Norman Wells, Fort Good Hope, Aklavik, and Inuvik will continue to receive cargo service from Hay River. Make sure you note the final acceptance dates for your community.

NTCL is working with Braden-Burry Expediting, a NorTerra company with offices in Inuvik, Yellowknife, Edmonton, Calgary, Winnipeg and Ottawa. BBE will manage the logistics associated with the new cargo service from Richmond. BBE has more than three decades of experience moving cargo from all over the world to the North and is ready to handle northbound cargo from Richmond for NTCL.

NTCL looks forward to serving you in the 2009 season. We are confident that the changes we are planning will improve service and be more cost effective for our customers.

To ensure that the new service and our traditional service are both on time and as efficient as possible, NTCL asks customers to do the following:

- 1) You must reserve barge space for your sealift order before the cargo acceptance dates.** NTCL needs advance information about the cargo expected at the loading terminal in Hay River or Richmond. Please use the Cargo Booking Form on the back of this flyer.
- 2) Customers must pay in advance for their full cargo shipping costs when they reserve their cargo space.** Cargo will not be loaded until payment is received.
- 3) All customers ship cargo at their OWN RISK OF DAMAGE OR LOSS.** Customers must buy cargo insurance for the full value of their cargo or accept the risk of damage or loss. NTCL's liability for any loss or damage incurred

during handling and shipping is limited, no matter how the loss, damage or delay is caused, even if by negligence. An application for cargo insurance placed through Marsh Canada Limited, and the Shipping Rules and Regulations, can be found at www.ntcl.com.

For more information about booking cargo space, pre-paying, and buying insurance please call the following numbers:
