

# 2010 Sailing Schedule

## Serving You Better

Northern Transportation Company offers two cargo services to our Northern customers: One starting in Delta, BC and one starting in Hay River, NT.

Our Delta, B.C. service (near Vancouver), will see cargo loaded on a 12,000 ton ocean-capable barge and, with a large tug, towed to the Arctic going north along the West Coast, around Point Barrow and then east along the Canadian Arctic coast.

Our traditional tug and barge service from Hay River will travel up the Mackenzie River to Inuvik and continue on to serve the Arctic coast.

Please ensure your sealift order arrives at Hay River, Delta, BC or Inuvik by the cargo acceptance dates shown here on the schedule. **Cargo cannot be accepted after these dates.**

NTCL is working with Braden-Burry Expediting, a NorTerra company with offices in Inuvik, Yellowknife, Edmonton, Calgary, Winnipeg and Ottawa. BBE will manage the logistics associated with the cargo service from Delta, BC. BBE has more than three decades of experience moving cargo from all over the world to the North and is ready to handle northbound cargo from Delta, BC for NTCL.

We have also launched our Customer Service Desk to better assist you, our valued customer. The Customer Service Desk is available daily from 8 a.m. to 5 p.m. MST. Our team of professionals are there to help with bookings, deliver quotes and answer all of your questions.

NTCL looks forward to serving you in the 2010 season.
