- \* Revenue ton is calculated by determining the highest revenue earned by the rate per 1000kg (gross actual weight) or 2.5 cubic metres (extreme outer dimensions) per unit of cargo.
- All cargo received must be unitized, forklift ready, and packaged for ocean transport. All pieces of cargo must be clearly marked indicating the shipper, consignee, unloading port, booking number, weight in kilograms, and volume in cubic meters. An extra charge will apply to shipments not properly labelled.
- Minimum charge per unit of cargo is \$68.65
- HNS (dangerous goods) cargo – a premium of 10% will be added to the base rate, plus \$100 administration/documentation fee per shipment.
- All rates are quoted from NTCL facility in Churchill to/from beach high water mark in the communities.
- Lateral shipments between communities subject to port rotation and the NTCL sailing schedule.
- \*\* Highway trailer rate calculated by linear foot. Total weight in excess of 1000lbs. per foot will be charged by the northbound rate.
